

A CALL TO BRING THE SETTLERS HOME TO ISRAEL

We are American Jews who care deeply about Israel and who are filled with sorrow by the continuous cycle of violence and death in the Israeli-Palestinian conflict. We call upon the United States government to embrace an initiative which can break through the present stalemate, create a new opening for a negotiated settlement, safeguard the lives of Israeli settlers and remove a major obstacle to peace.

We call upon the United States government to:

Urge the Israeli Government to reverse its longstanding financial inducements to Israeli settlers in the West Bank and Gaza Strip and instead to redirect those funds to settlers who are now willing to return to Israel proper;

Provide generous foreign assistance and to solicit contributions from the European Union, other major industrial democracies and the United Nations for this massive relocation effort, irrespective of whether the Israeli government is ready participate.
